

Palm is inspired by the fluid and sweeping foliage found in nature. Arranged in such a way as to allow light diffusion from both above and below each leaf, the light is an ideal solution for both downwards and upwards lighting.

Palm, subtle elegance whether used alone as a free standing light, or when placed in multiple arrangements for larger spaces.

Type
Standing light

Color (Shade/Base)
White/Black

Shade material
*Laser Sintered Polyamide
(Dirt protected)*

Base/Pole material
Powder coated stainless steel

Light source (Osram Halogen bulb)
G9, 240 V / 120 V (Max 40 Watt)

Cable (SPT1)
Black, 3 Meters

Electricity markings 240 V (Dimmer)

Electricity markings 120 V (Switch)
