## Technical

The AVL table arrives with some assembly required before use. You will find the additional components inside the box. The additional components are the legs which need attaching to the table top and tightening down with the wing nuts that are supplied. These are tightened by simply turning them in a clockwise motion until they no longer turn.

***Cleaning Instructions***

Moooi recommends using a good furniture polish and a soft cloth. Apply generously in layers to the surface and use the cloth to shine. Do not use abrasive fabrics, gently remove tough stains with warm water and a trusted multi-surface cleaner.
